不久, 王鹏就赢回了他的顾客。

19. A Misunderstanding (一场误会)

In general (通常来说), spoken statements (口头表达) are the major (主要) way of communication, but body language and facial (面部) expressions also have such kinds of function (功能). For example, yawning (打哈欠) means being not interested and turning one's back to (背对别人) someone or swinging your fist (拳头) shows your anger (愤怒). But what those gestures really mean is subjective (主观) in different cultures. Thus, misunderstandings (误会) happen now and then in today's world of cultural crossroads. (交叉)

通常说来，口头表达是人们交流的主要方法，但是肢体语言和面部表情也有这种功能。例如，打哈欠意味着不感兴趣，背对别人或向其挥舞拳头表达的是愤怒。但是在不同的文化中那些手势表达的真正意思是很主观的。由此，误会就时不时地发生在今天这个文化交叉碰撞的世界里。

有一回，我代表成人教育协会到机场去接一位从哥伦比亚来的高级官员，我得带他到宿舍和食堂。当他的航班到达时，我看见一名男子好奇地东张西望，于是走上前去和他打招呼。他突然猛冲过来拥抱我，还亲了我的脸颊。还是个年轻姑娘的我感到真尴尬，不由自主举起手来保护自己。他的假笑告诉我他感到丢了面子。

后来，我收到他送来的一盒磁带，里面录了他的道歉。当听到这只是因为哥伦比亚人更倾向于见面时互相亲吻时，我很快就感到轻松安心了。

20.A Unique Theme Park

独一无二的主题公园

As soon as our shuttle got close to the theme park by the freeway, everyone came to life and put on cloth sneakers in advance for an outing. Our translator paid for the admission, and we started enjoying the various attractions in the sunlight.

According to the travel brochure, this unique park is famous for its well preserved minority culture. We experienced many deeds of the early settlers, such as swinging across rivers, hunting creatures in the jungle, or taking part in swords fighting tournaments.

This park is also famous for its wooden souvenirs. Whichever we bought in the central shop was made of wood, and wherever we went we could see minority carpenters working. They made wooden tools, wooden

cartoon figures, wooden athletic products and so on. They even built a huge wooden engine with a length of 20 metres, which was modeled after a real one.

This theme park is really a fantasy amusement park. No wonder it has become the brand of local tourism.

我们走高速公路的来往穿梭巴士—接近主题公园，大家都活跃了起来，并且提前穿上了布鞋，做好这趟外出旅游的准备。翻译付了入场费后，我们就开始在阳光下欣赏各种各样吸引人的东西。

根据旅行手册的介绍，这个独一无二的公园因其得到良好保护的少数民族文化而闻名。我们体验了许多早期定居者所做的事，如荡过河啦，在丛林中猎杀动物啦，或者参加剑术比赛啦等等。

这个公园还因为它的木制纪念品而闻名，我们在中心商场购买的任何一件物品，都是用木头制作的，无论我们走到哪里，都可以看见少数民族的木匠们在忙碌。他们制作的有木制工具、木制的卡通人物、木制的运动用的产品，等等等等。他们甚至还根据一台真实发动机仿造了一台长度有 20 米的木制发动机。

这个主题公园真是充满幻想的娱乐公园，怪不得它成为当地旅游业的一个

品牌。

工都得了一种严重的疾病（疾病击败油漆工），其特征与烧伤相似。

一位经验丰富的内科医生被指定去照顾受害者并负责处理这一案例。他热情地投入到工作中，但是却没有预见到这是一次艰难的挑战。在简单的询问后，他就宣布说罪魁祸首是受污染的油漆（油漆应受责备）。但是没有确实的证据，人们很怀疑并拒绝他的观点，大家都说他提出的理论毫无道理。他对自己要求更加严格，全身心地投入。除了询问，他还制作了详细的图表，谨慎地分析各项数据，最后，他终于得出了一个科学的结论，把疾病和水泵中的镭联系起来。镭是宇宙中的一种放射性物质，当暴露在镭的辐射中时，人体吸收其射线，立刻染上疾病。

他把水泵向后旋转，拿走了里面的镭，这个简单的动作治愈了所有的受害者。

Once, when speeding up, our jet was swallowed by a thunderstorm, which destroyed our GPS receiver and made us lose sight of the directions. A constantly flashing light showed that our jet was in danger. A steward instantly asked us to put on masks and fasten the safety belts, and then pressed a button to switch on the escaping capsule. It slid sideways out of the opening at once and landed in a desert area safely. Lacking food and tablets, we were nervous and uncertain at first. But we all kept optimistic and made good adjustment to the situation. We swept up the surrounding mud to make our settlement and were back on our feet soon. Finally, guided by the smoke of our crashing jet, some local citizens came by carriages and saved us.

我以前是一家邮局的打字员，因为忍受够了每天在打字机上打邮资账单或邮政编码，我辞了职。带着想挣大钱的贪婪动机，我开始给一家叫 G.E 生态公司的企业当商务代表，这家公司通过回收我们垃圾箱里的有用材料生产商品。我的新工作在多方面都给了我很好的印象，除了一点：乘飞机旅行挤满了我的工作时间表。

25.First Aid

急救

A boy fell ill. His organs were damaged by the radiation of an infrared ray stove. But before the ambulance arrived, a number of other injuries happened to this unlucky boy over and over again. First, he was choked by some poisonous liquid from the kettle on the cupboard. Then his wrist skin was burnt by electric shock. Finally, his ankle was cut by a pan.

Fortunately, the boy's nurse gave him proper temporary treatments according to his complex symptoms. She mildly squeezed the poisonous liquid out of his throat and put bandages firmly in place to apply pressure to the ankle wound to stop bleeding. As for the burn, she used scissors to remove his sleeve, poured a basin of cold water over the burn to cool it and put her hands on a damp blouse to cover his swollen tissue tightly. She also inspired his bravery to fight against the unbearable pain. Her first aid made a vital difference in saving his life. A ceremony was held to honour the nurse who overcame a variety of

barriers to save the boy.

26.Abstract Art

抽象艺术

Abstract art used to be **controversial**. On one hand, the artists stopped painting **delicate figures** but **attempted** to **adopt** special **techniques** to give people different **visual** impacts. **On the other hand,**

their works, including sculptures carved out of marble or fragile clay, were all with a specific aim of showing feelings. Some conventional scholars who were allergic to abstract art said it was evidently ridiculous and neither art nor geometry. Their Traditional Art Committee predicted its soon disappearing.

But nowadays, abstract art has become part of the permanent possessions of contemporary civilization. Galleries along the Madison Avenue give scores of superb exhibitions on typical abstract works, appealing to many who have a preference for abstract art. The Shadow of Egypt, a café in this district, has become the home to those aggressive abstract artists. Consequently, it is not a coincidence for you to meet one of these artists of great reputation in the flesh. They are asked for signatures and given bunches of fragrant flowers plus they are given a great deal of praise by their faithful fans.

抽象艺术曾经颇受争议，一方面，抽象艺术家们不再画精致的画像，而是试图采用特别的技巧给人们以不同的视觉冲击；另一方面，他们的作品，包括用大理石和易碎的粘土雕刻出来的雕像，都以表达感情为其明确的目的。有些对抽象艺术反感的传统学者说抽象艺术是极其明显地荒谬可笑，说它既不是艺术，又不

是几何学，他们的传统艺术委员会还预言了它的迅速消失。

但是到了今天，抽象艺术已经成为当代文明永久财产的一部分，麦蒂逊大道的画廊为典型的抽象艺术作品举办了许多出色的展览，吸引了许多对抽象艺术有偏爱的人。这区有家叫埃及之影的咖啡馆已经成为那些有进取精神的抽象艺术家们活动的根据地，所以，亲眼见到一位名声极大的艺术家本人并不是什么巧合的事，他们被忠实的崇拜者索取签名，并被给予成束的芬芳花朵和大量的赞扬。

27.A Russian Poem 俄国童谣

Since childhood, Anton had often recited poems, accompanied by pianists and violinists, at wedding ceremonies before brides and bridegrooms exchanged rings. Gradually, he found writing poems the most appropriate way to convey his joy and sorrow. When his poem Contradictory Blank won him a national championship and a scholarship to the Moscow University from a sponsor, he was just an unknown librarian. After getting his diploma, he devoted his life to writing poems. Using concrete but flexible language and the minimum of words is his style. He tried out different patterns and preferred nursery rhyme in particular. The following is a translation of one of his works

made up of 3 sections:

Little sparrow with heavy load, Ran out of energy and very cold; No compass and all sweat salty, Can you go through the endless darkness? Little balloon let out by the thread, Flew over cottages and was very glad; With warmth transformed from sunlight, He said he could forever fly; Take it easy, little balloon; Don't tease the sparrow with his wound; On the bare branch and have a rest; This diamond heart will eventually get success.

从童年时起，安东就常常在钢琴师或小提琴师的伴奏下在婚礼上朗诵诗歌，为新郎新娘交换戒指前的仪式助兴。渐渐地，他发现写诗是表达他的欢乐和悲伤的最合适方式。在他还是个寂寞无闻的图书管理员时，他的诗《矛盾的空白》就获得了全国诗歌创作冠军，并为他赢得一位赞助人提供的奖学金，到莫斯科大学深造。获得文凭后，他将一生都投入到诗歌创作中。使用具体而灵活的语言和最少的词语数量是他的风格，他还喜欢尝试不同的诗歌形式，特别是童谣。下面由三部分组成的译文就是他的作品中的一首：

小麻雀，负重担，

小气球，脱绳系，

别紧张，小气球

筋疲力尽挡风寒，

飞越农舍真高兴，

别笑麻雀伤口留，

汗水成盐无指引,

阳光给予它温暖,

光光的树梢歇片刻,

能否穿越无边暗?

永远高飞不费力;

恒 (钻石)心终把成功求。

28.Let' s Help Adolescents

帮助青少年

Whether they are male or female, adolescents feel like deciding on everything themselves in spite of parents' instruction, especially when they face problems like sex, mental stress, etc., which make them feel ashamed and embarrassed. Thus they often automatically get into troubles due to their imperfect comprehension and judgement. Some are addicted to cigarettes, only several packets of which will hurt their lungs and make them breathless quickly. Others can' t quit drinking alcohol, whose harmful effects include causing young pregnant women to abort or give birth to abnormal babies. The worst is drug abuse, for the withdrawal is tough once their bodies are accustomed to the drugs. Meanwhile, those who share needles bought from illegal chemists are at great risk of being infected with desperate AIDS. If so, neither injecting nor taking pills can guarantee their survival.

However, don't be **disappointed** at or have **prejudice** against our children so easily. After all, being **awkward** is an **appendix** of youth. As long as we **strengthen** communication with them instead of only **banning** this or banning that, we will surely help them avoid anything **unfit**.

不论**男女**，**青少年**们都**喜欢不顾**家长的指导，自己对一切**作决定**，特别是当他们面对如**性**、**心理压力等等**一些使他们觉得**羞愧**和**尴尬的**问题时更是如此。因此，**由于**他们**理解力**和**判断力**的不足，他们常常会**无意识地陷入**困境中。有的**对香烟上瘾**，只要几**包**就会对他们的**肺**造成损害，使他们很容易就**气喘吁吁**；有的没法**戒除酒精**带来的不良**后果**，包括造成年轻的**怀孕女性流产**或生下**不正常的**婴儿；最糟糕的是**滥用**毒品，因为一旦他们的身体**对毒品习惯了**，要想**戒毒**就相当**困难**了。同时，那些共用从**非法药剂师**处购买的**注射器**的青少年冒着感染**令人绝望的**艾滋病的极大**风险**，一旦感染上，不管是**打针**还是吃**药**都没法保证他们的**生存**了。

然而，请不要轻易就对我们的孩子**失望**或抱有**偏见**，毕竟，**不成熟**是年轻的必然**附属品**。只要我们**加强**和他们的沟通，而不是仅仅**禁止**这样，不准那样，我们一定能帮助他们避开**不健康的**东西。

29.Refresh Our Environment 恢复环境生机

As the director stated on behalf of his researching group, the data of this graph makes a clear presentation of the future environmental tendency. On one hand, the quantity of fuel keeps on decreasing by 9% per year while the growth of a wide range of pollution has been a global trend. On the other hand, the mildly but steadily going up of the average temperature is resulting in catastrophes like widespread floods. Without disagreement, they subscribe to the view that it is humans' existence and their randomly consuming energy that result in this phenomenon.

Many people have a commitment that developing nuclear power or energy from outer space will stop bad consequences coming about. However, scientists and educators are opposed to this view even if our needs may be met on the whole. They tend to advocate refreshing our circumstances by saving energy and recycling waste. It is suggested that we use energy-saving appliances such as electrical motors, microwaves and so on and not be casual about little things like recycling a can. So please glance around and see what you can do. So long as everybody makes contribution, we will not have to put up with this problem anymore.

正如那位主任**代表**他的研究小组所**说明**的那样，这张**图表**的**数据**清楚地**描述**了未来**环境的趋势**：一方面，**燃料**的**数量**以**每**年 9% 的速度**持续**减少，同时，大**范围污染**的**增长**已经成为一种全球**趋势**；另一反面，**平均**气温**轻微**却**稳定地升高**正在**造成**像**广泛的洪涝**那样的**灾难**。无**不同意**地，他们一致**赞成**是人类的**存在**和**任意的消耗**能源才造成了这一**现象**。

许多人都**信奉**开发**核能**和**外**太空能源会防止糟糕的**后果发生**的理论，然而，**即使**这样可以**基本上**满足我们的需要，科学家和**教育家**们仍然**反对**这一观点。他们更**倾向于拥护**用节省能源和回收废料的方法**恢复环境**生机，并建议我们要使用节省能源的**器具**，如**电力发动机**、**微波炉**等，还建议我们不要对如回收**罐子**这种小事**漫不经心**。因此，**看看**你身边是否有你能做的事，**只要**每个人都作出贡献，我们就不必再**忍受**这个问题的困扰了。

30.A Volcano Eruption 火山爆发

As the best **candidate**, I was **appointed** to collect and **evaluate** information for a **database** about **diverse** natural disasters, such as **hurricanes**, **typhoons** or **thunderstorms**. Sometimes I did this by giving out **questionnaires** to those who went through them. But sometimes I had to go through **actual** disasters myself. The Musaki **Volcano** was one of

them.

At that time, I lived in a bungalow alongside the volcano with a novelist, who came for the appreciation of its eruption. One day, when I was drawing diagrams on the balcony and he was bathing inside, the volcano erupted unexpectedly. The ash and lava fountains shooting highly in the sky varied from 50 to 100 meters in height. It was absolutely fantastic! I even noticed a rainbow appear in the fog caused by a heat wave.

But, glancing through our surroundings, I foresaw the potential danger and found no guarantee of our safety. The uncomfortable gas almost made us unconscious. Sweats of anxiety began to drop. Managing to stop panicking and trembling, we quickly put on our protective suits, helmets and boots and eventually made our way to a safe place. How lucky we were even though my precious equipment and documents were all burnt to the ground!

作为最好的候选人，我被委派为一个数据库收集和评估各种自然灾害的信息，例如飓风、台风或雷暴等。有时我通过向经历过这些灾害的人分发调查问卷来收

集信息，有时却得亲自经历**实际的**灾害。Musaki **火山**就是其中之一。

那时，我和一名来**欣赏火山爆发**的**小说家**同住**在火山边上**的一座**平房**里。有一天，当我正在**阳台**上画**图表**而他在屋里**洗澡**时，火山突然**爆发**了，**喷射**到天空中的**火山灰**和岩浆**喷泉从 50 米到 100 米不等**，这一情景**绝对地**奇异，我甚至还注意到一条**彩虹**出现在**热浪**造成的**雾**里。

然而，我向四周看了一下，马上预见到了**潜在的**危险，也发现了我们的安全毫无**保障**。**令人不舒服的**气体几乎使我们**失去知觉**，**忧虑的汗水**开始流淌下来。我们努力使自己不要**惊慌**和**颤抖**，迅速穿上保护**套装**、**头盔**和**靴子**，最后成功**前往**安全的地方。尽管我**珍贵的设备**和**文件**都**烧得精光**，但是我们真的非常幸运。

31.Defeat Disability 战胜残疾

Yang' s **ambition** was to get an **architect certificate** or become a **bowling** master. But when he was **conducting** experiments with a **microscope** in the **basement**, a **tank** on the **bench** exploded, sending him flying **outwards** through the **exit**. He was **out of breath** while knowing he lost his **eyesight as well as** 70% of his **hearing**. **In other words**, he was **disabled**. 阳的**雄心**是，要么获得一张**建筑师证书**，要么成为一名**保龄球**高手。但是在**地下室**里的**显微镜**下**进行**试验时，放在**长凳**上的一只**大桶**突然爆炸，把他

从出口处炸飞了出去。当知道自己除了失去 70%的听力之外，还失去了视力时，他完全喘不过气来。换句话说，他残疾了。

Feeling clumsy, he was annoyed at first though nobody made fun of him. He cut out going outdoors and just sat around at home talking to his parrot or tortoise silently. His sister resigned to help him in many ways. Her assistance and encouragement were so beneficial to his psychology that he adapted to his disability soon and became outgoing again. In a college accessible to him, he studied politics and literature. He always sat in the front row near the entry without any absence and, with the help of his handy laptop, he studied well by means of dictation. His thesis, Abolishing Slavery, met with all professors' approval. After class, he and his companions often played drum music, which was noisy but suitable for his hearing. After graduation, he made high profits by designing software for a firm. All in all, in his community, he won his dignity and people' s congratulations.

He always wished all the best to his disabled fellows and encouraged them, "Never mind! All you have is adequate to get your achievement."

最初，尽管没人**取笑**他，他还是非常**气恼**于自己的**笨拙**。他**取消**了外出，总是在家里**闲坐**，和他的**鹦鹉**和**乌龟**默默相对。他的姐姐**辞了职**，**用许多方式**帮助他。她的**帮助**和**鼓励**对他的**心理**是如此地**有益**，以致他很快就**适应**了自己的**残疾**，再次变得**外向**起来。他在一所**接受**他就读的学校里学习**政治**和**文学**，总是坐在靠近**入口**的**前排**，从不**缺席**。在他**轻便好用**的**手提电脑**的帮助下，他用**听写**的方式学习得很好。他的论文《**废除奴隶制**》**受到**所有教授的一致**认可**。课后，他和**伙伴们**还常常演奏**大声**却**适合**他听觉的**鼓乐**。**毕业**后，他通过设计**软件**为一家**公司**获得很高的**利润**。**总之**，在他的**社区**里，他赢得了自己的**尊严**和人们的**祝贺**。他一直都把**所有最好**祝愿给予他残疾的**同伴**，并鼓励他们：“**没关系**，你拥有的一切一定**足够**你取得自己的成就！”

When his wife **rang** him **up** to **declare** her **divorce** **alarm**, he was still **scanning** a **digital** **counter** to check the data so as to give an **assessment** of the **theoretical** **framework** for a **biochemical** weapon. His **junior** **staff**'s **sympathy** made him feel embarrassed.

His wife was a **part-time clerk**. With his high **bonus**, she lived in a **grand** house with **elegant cushions** and **bedding**. Her **favour** was reading stars' **biographies** or **absurd fictions** with endless **chapters** in her **armchair**. People **envied** her leisure life very much. But in fact, she was tired of being **left alone**. She sent emails to his **mailbox** every week to **state** her **thinking** and ask for his **accompaniment**, but never received reply of **satisfaction**. Tired of his explanation that he must **obey** the orders, she filed for divorce.

Because he **desired** to get their **holy affection** back, he set other **affairs** aside. He trimmed his **fingernails** short and changed his **overweight** figure as well as his **awful haircut**. He wore an **apron** to prepare delicious **cuisine** for her. He also bought her a **necklace** and **piles** of flowers hoping that their **receiver** could **turn around**.

After being **tested out** for 3 months **in all**, he eventually succeeded.

33. Mark and a Seal

马克和海豹

Mark rented an **accommodation** with his **pension** near the **shore**. He paid **annual** visits there to enjoy the **vivid** beauty in the **depths** of the **pure** sea.

Once, with his underwater **telescope** and **flashlight**, Mark **dived** along the **boundary** between the **steep** reef and the area of **seaweed conservation**. Suddenly, an **awesome Antarctic seal** with **sharp** teeth appeared **opposite** him. Every cell in his body **was scared to death**. But soon, he was **aware** that he wasn't the **target** of an attack. With a **neat** wound in its **lip** caused by a **shark**, this **grey** seal was washed **upside down** by the **tides** time after time. But it tried to **jog** Mark as if to **urge** him to help it. So Mark **abandoned** **fleeing** away. With its **teamwork**, Mark used a **net** to **drag** the seal to the **shallow** water. Without **pausing** he **helped** it **out** after a simple operation and settled it in a **narrow** cave by the **seaside**. Every time he brought it **tasty** fish, it would **yell** and **suck** his hands happily. **Witnesses** said their **anecdotes** **reflected** a magic **dimension** of the **relationship** between humans and animals.

马克用他的**退休金**在**海岸**边租了一间**住所**，**每年**都去那儿欣赏**纯净的**大海**深处**那**生动的**美丽。

有一次，马克带着他的水下**望远镜**和**手电筒**，**潜到****陡峭的**暗礁和**海草保护区**间的**分界线**。突然，一只长着**尖利**牙齿、**使人畏惧的南极海豹**出现在他**对面**。马克**吓坏了**，但是很快，他就**意识到**，他不是攻击的**目标**。这只**灰色**海豹的**唇**上有

道鲨鱼咬出的整齐伤口，还时不时地被潮水冲得头上脚下。尽管如此，它却总是努力轻轻碰撞马克，似乎在催促他帮助它。于是马克放弃了逃跑。在这只海豹的合作下，马克用一张网把它拖到浅水区，并毫不停歇给它动了一个简单的手术，帮助它解决了问题，然后将它安置在海边一个狭窄的洞里。每次当马克给它带来鲜美可口的鱼时，它就会高兴地大声叫唤，还吮吸他的手。目击者都说他们的轶事映射出人与动物关系中奇妙的一个方面。

34.Helping the Remote Village 援助山村

A year ago, the famous astronaut received an invitation by airmail from a remote village. Intending to sniff some fresh air, he and his interpreter paid a fortnight visit there. It was a privilege for them to be there, but they were shocked by what they saw. The tracks were muddy. The river was drying up. Most villagers only possessed one broom, a few tins and several jars and their rectangular grass huts with round angles were surrounded by weeds. Besides, their school had no roof and platform, and the students had no concept of clicking a computer at all. They were badly in need.

Soon, the astronaut made a generous voluntary donation to the

village. There were **textbooks** for students, **sewing machines** for **tailors** and **tractors** for farmers. His **distribution catalogue** also included **operating** a **clinic** and a **trunk** library, as well as giving **weekly** lessons to teach **relevant** farming knowledge like how to **dry out seeds** or raise **oxen**. He himself not only helped do some **paperwork** but also **purchased grills** for boys to **toast** potatoes and **combs** for girls who **were dying to** get one. **The other day**, he heard from the villagers again inviting him to **participate in** the donation **anniversary**. For **political** and **security** reasons, he couldn't **adjust** his outgoing **arrangement-otherwise** he would go. But his deeds were remembered forever.

一年前，那位著名的**宇航员**收到一份由一个**偏远**村庄通过**航空邮件**寄来的邀请。因为想要**呼吸**一下新鲜空气，他和**翻译**到那儿做了一次**两周**的访问。当地之行使他们倍感**荣幸**，但却震惊于所见所闻。**泥泞的**道路、河流**干枯**，大部分的村民拥有的财产只不过是一只**扫帚**、几个瓶**瓶罐罐**而已，圆**角**的**矩形**草屋四周长满了**杂草**，学校也没有**屋顶**和**讲台**，学生们更对**点击**操作电脑毫无**概念**。他们生活确实相当**困难**。

很快，宇航员就向村庄做了慷慨的**自愿捐赠**。捐赠品中有给学生的**课本**，给**裁缝**的**缝纫机**，还有给农民的**拖拉机**。捐赠金的**分配目录**中还包括一间**诊所**和一

Hoping to get the **qualification** to help **govern** it, Nannan made much **preparation** and then left her **motherland** with her **visa** to study in America. Having reached her **destination**, she **settled in** an **inn** **recommended** by the **travel agent**.

As far as Nannan **was concerned**, she always **kept it up** in China. But she had to **acknowledge** it was not easy to **adjust** herself **to** the new **academic requirements**, which were not **parallel** with China' s. Though she **was occupied with** **lectures** and **seminars** **day in and day out**, the **essays** she **drafted** were still **contradicted** by her **tutors**. As for her **routine** life, she felt that it was hard to **fit in**, too. For example, she found

English idioms difficult to understand. And it was out of the question to eat delicious Chinese foods though many optional cafeterias served abundant substitutes. In addition, she had to wait in a queue early for the minibus that took her to school and it was usually so cold that she felt numb. What bothered her most was that she received no apology when her sleeping was disturbed by a barking dog in a shopkeeper's cage.

Luckily, with her parents comforting her by videophone, she became autonomous soon and eventually got her bachelor's degree successfully.

楠楠的父亲在明陵附近经营一家企业，销售电池和钻机到大庆油田。抱着获得相应资格帮助管理的希望，楠楠做了大量准备，然后带着签证离开祖国去美国留学。抵达目的地后，她在一间旅行代理推荐的旅馆安顿下来。

就楠楠而言，她在国内一直保持着良好的状态，但是在国外，她却不得不承认，要适应新学院的要求不容易，它们和国内的要求不相同。尽管她整天都忙着听讲座、参加研讨会努力学习，她起草的论文还是被导师驳了回来。至于日常生活，她也感觉难于适应，例如，她发觉英语成语很难理解，而且不可能吃到地道的中国食品，尽管可选的许多餐馆都有提供丰富的替代品。此外，她还得冒着把人冻得麻木的寒冷早起排队等小型巴士去学校。最使她烦恼的是，一名店主笼子

幸运的是，在她父母通过**可视电话**的**安慰**下，她很快就锻炼得**独立自主**起来，并最终成功获得了**学士学位**。

The **hardship** of this **crossing** was **apparent**.

He lived in a **Catholic** district. **Taking in** a small **percentage** of **Pakistani** immigrants, the **majority** of the residents were from **Italy** and **Denmark**, who all **kept up** their customs and cultures. Different blocks here were **distinctly marked out** and **indicated** from the **racial angle**. It was unfair and needed **reforming**. But with nowhere else to go, my nephew **lived on** and managed to **make a life** for himself.

My nephew's fortune came when he bravely helped a **conductor** **brake a ream** to stop it from **slipping** out of the **rails**. The man was **elected** **vice** chairman of the **Socialist** Party later. It **occurred** to my nephew that he could **grasp** this opportunity to ask for his help. The man who was **thankful** helped him **apply** to the **civil authority** for the right to live in America by **inserting** his brave deed into his documents. 我侄子的好运在他勇敢地帮助一名列车员刹停一列电车以防止其滑出轨道时到来了。那个人后来被选为社会党的副主席，我侄子就想到应该抓住机会请求他的帮助。这个人充满感激，立即把我侄子的勇敢事迹插入到申请文件中，帮助我侄子向美国国内政权当局申请美国居住权。不像别的许多申请人，我侄子的申请很快被联邦司法部批准了。不久，他就开了自己的面包店，过上了稍好一点的生活。

37.Be Careful about Cloning

谨慎对待克隆

After a series of initial experiments and corrections, the scientist's hard work paid off when the twin clone turkeys were hatched with normal feather and claws. This breakthrough possibly enabled people to bring their adored pets back to life. However, it bothered him from time to time that their health was in poor condition because they were unable to resist illnesses. This drawback cast him down. Merely 2 weeks later, the clones and their carrier died, which struck frustration into his heart. He retired before he attained his ambition and became a member of an opera chorus to relieve his depression.

Shortly afterwards, the **media** published a **conservative** argument **objecting to** cloning **owing to moral** problems, and suggested the **constitution** include **compulsory regulations** to **forbid obtaining commercial** profits from cloning.

When interviewed, the scientist stared at the **decorations** on the ceiling, thinking for a while, and then said, "I'm not **in favour of** any **arbitrary assumption**, but **undertaking** cloning does **differ from** the **straightforward procedure** of making **loafs** out of **flour**. Until we **accumulate** enough **exact** knowledge, any practice is **in vain** and is bound to fail. **Altogether**, being more careful is **reasonable** or we may walk into a **side road**."

在**最初**一系列的实验和**修正**之后，科学家的辛苦工作终于**取得了成功**，一对**双生的**克隆**火鸡孵化**出来，**羽毛**和**爪子**都很正常。这一**突破**或许能让人们使他们的**喜爱的**宠物死而复生。然而，使他**不时地烦恼**的是，因为它们**无法抵抗**疾病，使得它们的**健康状况极差**。这个**缺点让他很沮丧**。**仅仅**过了 2 个星期，克隆体和**母体**都死亡了，这**使他内心里充满了**挫折，他也因此在**达到**自己目标前就**退休**了，并选择加入**歌剧合唱团**来减轻消沉的感觉。

之后**不久**，**媒体**就**因为道德**问题而发表了**反对**克隆的**保守**论点，并且建议**宪法**应该包括**强制性的法规禁止**通过克隆**获得商业**利益。

当被采访时，科学家盯着天花板上的**装饰物**思考了一会儿，说：“我不**赞成**任何**任意的假设**，但是**从事**克隆与用**面粉**制作**面包**的**简单过程**确实不**大相同**。在我们**积累**了足够的**准确**知识前，任何实际操作都是**徒劳无功的**，注定会失败。**总而言之**，更加谨慎地对待克隆是**合理的**，否则我们或许会误入**歧途**。”

38.Strange Patent Applications 奇怪的专利申请

I **set about** working in the **current Patent** Office after resigning from the **court personnel**. **Competent** and **dynamic**, I never feel **passive** while **diving into** the **identifications** of whether applications are **valid** and **practical** according to the new **version** of the **criteria**. 从**法院人事部**辞职后，我**开始**在**现在的专利**局工作。我工作起来既**称职**又有**活力**，在**投身于**根据**新版**的申请**标准鉴定**专利申请，以防他们无**效**或不**实用**时，我从未感觉到**消极没劲**。

With the **expectation** of **distinguishing** their own importance, some people leave the **beaten track** and **file** strange **products** with us **now and then**, for example, **lantern** that can be attached on your **forehead**, **cubic walnuts**, **refrigerator** made of **straw** and **glue**, **perfume** that nobody can

bear to smell, and so on. 为了显示与众不同, 时不时就有人违反常规, 向我们提交一些奇怪的产品申请, 例如固定在前额的信号灯、立方体的胡桃、用稻草和胶水制作的冰箱、没人能受得了的香水等

Once, a man made a triangle helicopter out of stainless wires and string. He called us up and merrily claimed it was stable and convenient to use, and never out of order. I asked him to hang on, but this innocent man just rang off and set out to fly from his courtyard. I dialed his number in the directory trying to ring him back, but never got through. 有一次, 有个人用不锈钢丝和绳子制作了一架三角形的直升飞机。他致电给我们, 高兴地声称其确实牢固, 而且方便使用, 从不发生故障。我请他稍等, 但这个天真的人挂了电话就开始从院子里起飞。我拨打他在电话簿上的号码试图回电给他, 却无法接通。

Merciful God blessing, an abrupt freezing rainfall made his powder wet. Luckily, the trouble was without any extension except that he crashed into a greengrocer' s making all the ripe fruits become messy jam. When people seized this crazy man with caution and sobered him by tapping his face, he complained about the bad weather instead of associating his failure with his unscientific design.

仁慈的上帝保佑，一场突然降临的冻雨打湿了他的火药，使他造成的麻烦没有扩大，只是撞入一间水果店，把所有成熟的水果都压成一塌糊涂的果酱。当人们小心地抓住这个失去理智的人，轻轻拍打他的脸使他清醒过来时，他还在抱怨糟糕的坏天气，却没有将他的失败与他不科学的设计联系起来。

39. Pronunciation and Status

口音与身份

An ambassador and a referee were consulting a professor on the caption of a Buddhistic alphabet when a sobbing woman stopped them to sell an antique musical bathtub. Her dirty garment and the handkerchief around her waist were badly in need of sending to a laundry. The ambassador uncomfortably gave her a handful of pence from his wallet and said, "Take this fortune away, troublesome woman."

When her figure faded away, the brilliant professor said, "You are mistaken and your improper remark on her should be condemned. In terms of this extraordinary woman, you can't classify her status by her horrible clothes or disgusting nails. Her clean woolen vest and stockings, especially her classic pronunciation, all suggested her upper status." The

ambassador gave a **whistle in amazement**, and advised **making** her **acquaintance**. The professor **hesitated** for a while, then **compromised**.

The **outcome** was that she was an **authentic superior** police officer. When they were **shown in** her office and saw her **once more**, she brought them a **teapot** of tea and some **cookies**, laughing and saying, "I rubbed some **cream** and **wax** on my garment and **passed myself off as** a **shabby** woman among **thieves** and **robbers** to investigate a **plot**. **Generally speaking**, your **overlooking** me and my **adaptation** are the best help. But my pronunciation seemed to have **betrayed** me."

等她的身影**渐渐远去**，那位**才华横溢的**教授说：“你**错了**，你对她不**适当的评**论语应该受到**谴责**。就这个**不同寻常的**女人来说，你不能根据她**糟糕的**衣服或**令人恶心的指甲**给她的身份**地位分类**。她干净的**羊毛背心**和**袜子**，尤其是她**一流的**发音，都暗示着她的**上层**身份。”大使**惊奇地**吹了声**口哨**，建议去**认识**她。教授**犹**

豫了一会儿，最后妥协了。

结果呢，她真的是一位高级警官。当他们被带进她的办公室再次见到她时，她给他们拿来一壶茶和一些饼干，笑着说：“我把奶油和蜡涂在大衣上假扮成寒酸肮脏的女人混进在小偷和抢劫犯中间，是为了调查一宗阴谋。通常说来，你们对我的忽视和我对此的适应就是最好的帮助。但是我的发音似乎暴露了我啊。”

40. A Sly Murder

一宗狡猾的谋杀案

When giving a lecture about the significance of punctuation, the academic professor was interrupted and arrested by the police for murdering his wife, a receptionist of a kindergarten. The police found some photos he deleted from their e-album showing that they used to have a gay life. But, fed up with her wrinkled face, he murdered her instead of divorcing her to avoid fortune division. He cut up a kind of seashell with a sharpened knife, and hammered it into powder on a skateboard, and made at most one gram, which was enough to accelerate one' s pulse until he or she dies. This kind of poison can date back to 10,000 BC when people rubbed it on spears to kill beasts. The

professor mixed the poison with onion, watermelon and yogurt for his wife. Howling and scratching her chest, she felt dizzy and died soon. 那位学院的教授在发表关于标点符号重要意义的演讲时被警察打断了，他因谋杀自己的妻子——一位幼儿园的接待员——而被逮捕。警察找到了一些被他从电子相册里删除的照片，照片表明，他们曾经有过快乐的生活，但是，因为厌烦了妻子起皱的脸，他杀死她而不是和她离婚以避免离婚时的财产分割。他用一把磨利的小刀切碎一种贝壳，然后在滑板上锤打成粉末，最多 1 克就足以加速人的脉搏直到其死亡。这种毒药可以追溯到公元前 10, 000 年，当时它就被涂抹在长矛上杀死野兽。教授把这种毒药混合在洋葱、西瓜和酸奶里给他的妻子，后者叫喊、抓挠胸口、头晕目眩，很快就死了。

After tentative examination, the police assumed she died of heart disease. But systematic botanical analyses showed that the watermelon spit on the messy mat and the quilt was poisonous. Regardless of exhaustion and starvation, the acute and skilful policemen used radioactive equipment to make sure the category of the poison. Primitive and not ample as their alternative equipment was, they got perfect accuracy somehow. 在初步检查之后，警察设想她是死于心脏病。但是系统的植物学分析却表明，吐在凌乱的席子和被子上的西瓜有毒。敏锐而又技术娴熟的警察不顾疲劳和饥饿，用放射性的设备确定了毒素的种类。尽管可供选

择的设备原始，且数量不足，他们还是设法取得了完美的准确度。

People applauded the police and the woman's family can look ahead with relief now.人们都为警察欢呼鼓掌，而那位女人的家人现在也可以带着欣慰为将来打算了。

1. Fall in Love with English 爱上英语

Hiding behind the loose dusty curtain, a teenager packed up his overcoat into the suitcase. He planned to leave home at dusk though there was thunder and lightning outdoors. He had got to do this because he was tired of his parents' nagging about his English study and did not want to go through it any longer. He couldn't get along well with English and disliked joining in English classes because he thought his teacher ignored him on purpose. As a result, his score in each exam never added up to over 60.

His partner was concerned about him very much. She understood exactly what he was suffering from, but entirely disagreed with his idea. In order to calm him down and settle his problem, she talked with him face to face and swapped a series of learning tips with him. The items

she set down helped him find the highway to studying English well.

The teenager was grateful and got great power from his friend' s words. Now, he has recovered from being upset and has fallen in love with English.

有个少年躲在积满灰尘的松散窗帘后把大衣装入手提箱。尽管外面正打雷闪电，他仍计划在黄昏时分离家出走。他不得不这样做是因为厌倦了父母对他英语学习的唠叨，不想再忍受下去了。他的英语学习总是无法取得进展，而且不喜欢参加英语课的学习，因为他以为老师有意忽视他。结果，他每次考试的分数合计从未超过 60。

他的搭档很关心他，也确切地理解他遭受的折磨，但却完全不同意他的想法。为了使他冷静下来好好解决问题，她和他面对面地交谈，并交换了一系列的学习心得技巧。她写下来的条款帮助他找到了学好英语的最佳捷径。

这个少年非常感激，并从朋友的话里获得极大的动力。现在，他已经从沮丧中恢复过来，真正爱上了英语。

2. Different Countries Have Different Kinds of Englishes

不同的国家有不同的英语

Voyages of people from England play an important part in spreading the English language. At present, English is frequently spoken as an official or common language in many countries, such as America, Singapore, Malaysia and some African countries. All based on British English, the English spoken in these countries can be well understood by native English speakers. But actually, these Englishes have been gradually changing in accents, spellings, expressions and the usage of vocabulary.

Because of this fact, you can make use of the differences to tell which country the foreigners of your block are from. For example, if a boss fluently commands his driver, “Come up straight to my apartment by elevator and take some gas for my trucks and cabs”, instead of requesting, “Please come to my flat by lift and take some petrol for my lorries and taxis”, you can recognize his American identity, while the latter suggests that he is British.

英国人的航海在英语的传播中扮演了重要的角色。目前，英语在许多国家被作为官方语言或通用语言频繁地使用，例如美国、新加坡、马来西亚和一些非洲

的国家。这些国家的英语都以英式英语为基础，能很好地为以英语为本族语的人所理解。但是实际上，这些英语在口音、拼写、表达和词汇的使用方面都在逐渐变化。

因为这一情况的存在，你就可以利用这些英语之间的区别说出你们街区的外国人是哪个国家来的了。例如，如果有个老板流利地命令他的司机：“Come up straight to my apartment by elevator and take some gas for my trucks and cabs (直接搭电梯到我公寓上来拿卡车和出租车的汽油)”，而不是要求说，“Please come to my flat by lift and take some petrol for my lorries and taxis (请直接搭电梯到我公寓上来拿卡车和出租车的汽油)”，你就可以轻易地辨认出他的美国人身份，而后者却暗示着那是一位英国人。(请注意：听力录音里第二段两个“电梯”的单词跟原文不一致，原文是对的，录音弄错了，elevator才是美式说法而lift是英式说法。)

3. A Hard Trip

一次辛苦的旅行

My sister was fond of traveling. Ever since graduating, she had been determined to organize a trip to an old temple. Since transporting fare was expensive, she decided to use a bicycle to cycle there not caring

about the disadvantages. Her stubborn attitude was always her shortcoming. Once she made up her mind to do something, no one could persuade her to change her mind. Finally, we gave in as usual though we preferred to take a train. After we prepared everything, including the schedule, reliable weather forecast and the insurance, we began our trip.

Our journey was along a river flowing from a high altitude. Our pace was slow because the river frequently had many sharp bends through deep valleys, where the water seemed to boil. Just as I recorded in my journal, it was really a hard journey. But we also enjoyed great views. One night, I put my head on my pillow--a parcel of wool coats, and lay beneath the stars. When the flame in front of our cave went out at midnight, I found the sky so beautiful!

我的妹妹很喜欢旅行。自从毕业以来，她就下定决心要组织一次往一座古庙的旅行。因为交通费用昂贵，她决定骑自行车去，毫不担心其中的不利情况。顽固的态度一直都是她的缺点，一旦她下定决心要做的事，就没有人能说服她改变主意。最后，我们像往常一样让步，尽管我们更喜欢乘火车去。我们准备好了所有东西，包括时间表、可靠的天气预报，还有保险，就开始了旅程。

我们的旅程沿着一条从高海拔处流下来的河流前行。但我们的步伐很慢，因为当流经深深的峡谷时，这条河流急转弯很多，急湍的河水都似乎沸腾起来。正如我在旅行日志里记录的那样，这真是一次艰苦的旅行。但是我们也欣赏到了美丽的景色。一天晚上，我把头枕在一包羊毛衣服做的枕头上，躺在星空下，当岩洞前的火焰在午夜熄灭时，我发现夜空是如此的美丽！

4. A Horrible Earthquake

可怕的地震

Dirty water rose in wells and canals before the earthquake. But no one judged that an earthquake was coming. Suddenly, everything shook. It seemed as if the world was at an end. Millions of brick houses and a number of dams were destroyed. Railway tracks became useless bars. Pipes in mines burst and let out smelly steam. Huge cracks trapped cyclists everywhere.

The next day, this event was the headline or main title of all newspapers. With the reporters giving an outline of the disaster, the whole nation was shocked by the damage and the victim' s extreme suffering. People were moved when they read that the survivors

comforted each other by saying “**Congratulations!** You survived!” . So they not only **expressed** their sympathy **sincerely**, but also organized together to help the victims **right away**. The **injured** were **rescued** and the dead were **buried**. The **frightened** survivors were **dug out** from under the **ruins** and were offered **shelter**, fresh water and **electricity**. Thanks to people’ s help, the loss was minimized.

地震前, **水井**和**运河**里的**污水**都涨涌起来。但是却没人**判断**出地震即将来临。霎那间, 一切都在摇晃, **似乎**整个世界就要**结束**。**数以百万**的**砖房**和**许多水坝**遭到**破坏**; 铁路**轨道**都变成**无用的铁条**; **煤矿管道**纷纷**爆裂**, 发出有**臭味的蒸汽**; 到处都有**骑车的人**被巨大的**裂缝**陷住。

第二天, 所有报纸都纷纷以**大字标题**或主要**标题**报道了这一**事件**。**记者**们描述了**灾难的大概情况**, 全**国**都被地震的**破坏**和灾民们**极度的苦难**所**震惊**。当人们读到**幸存者**以“**恭喜**啊, 你还活着。”来互相安慰时, 都被感动了。人们不仅**衷心****地表达**了他们的同情, 而且还**立刻**组织起来帮助灾民。**伤员**被**救助**了, 死者被**埋葬**了, **吓坏**的幸存者被从**废墟**中**挖出来了**, **栖身处**、**净水**和**电力**也很快得到提供。多亏了人们的帮助, 灾区的损失被减到了最小。

5. The Great President

伟大的总统

As the founder of the republic, the president had many good qualities. Before coming to power, he was a generous lawyer. He was willing to selflessly help everyone who turned to him. He accepted no fee to offer legal guidance and opinions to those who were out of work or uneducated. Later, believing all mankind to be equal, he devoted himself to stopping the unfair anti-black laws. He set up the Black Youth League and was voted to be the leader. However, though he kept peaceful principles without violence and terror, his mean enemies still blew up his house and attacked his relatives, and he himself couldn't escape being sentenced to 30 years in prison.

Not fearing of the prison guards' cruelty, he kept active and begged no mercy from them. As a matter of fact, he was always hopeful and never lost heart during the stage even though he was in trouble.

Finally, people rewarded him with the leader's position and a gold blanket.

作为共和国的创始人，这位总统具备许多的优秀品质。还在掌权之前，他就

是一位慷慨的律师。他愿意无私地帮助那些向他求助的人。他免费为失业的，或没有受过教育的人提供法律指导和意见。后来，因为相信所有人类都是生来平等，他全身心投入到废除不平等的反黑人法律工作中。他建立了黑人青年团并被选为领袖。然而，尽管他坚持没有暴力、没有恐怖的和平原则，卑鄙的敌人还是炸毁了他的家、袭击了他的亲属，他自己也无法逃脱被判 30 年徒刑的遭遇。

在狱中，他毫不畏惧狱警的残酷，始终保持积极的态度，不向他们乞求怜悯。实际上，他在任何一个困境时期都充满着希望，从未灰心。

最后，人们以领袖的职位和一块金毯子回报了他的贡献。

6. A Brave Maid

勇敢的女仆

A wooden vase from the Ming Dynasty at the entrance of the reception hall amazed everyone. The artists designed it in a rare style and selected valuable jewels to decorate it. People thought highly of its fancy colour of honey and the beautiful paintings on it.

The vase used to belong to a former castle. But when the country

was at war, the enemy troops exploded the castle. Debates on how the vase survived went on and on. In order to remove people' s doubt, a team of no less than 20 people carried out an informal investigation. The evidences they found showed that a maid took the vase apart and asked a sailor to sink it in a local well. She never gave away the secret even under the cruel trial of the enemies who were in search of treasures.

It is worth giving this brave maid a fortune in return.

接待大厅入口处的明朝木制花瓶 使每个人都惊奇不已。艺术家以一种罕有的风格设计它，并挑选了贵重的珠宝装饰它。人们高度赞赏它那蜂蜜般的奇特颜色，还有上面绘制的绘画。

这个花瓶曾经属于一座从前的城堡，但在战争期间，敌人的军队炸毁了城堡，于是关于这个花瓶是如何幸存下来的争论就一直在持续着。为了解开人们的疑问，一个由不少于 20 人的调查队开展了一次非正式的调查。他们找到的证据表明，有个女仆 把花瓶拆开，然后让一名水手把它沉到当地的一个水井里。她从来没有泄露这个秘密，即使是在搜寻财宝的敌人残酷的审讯下。

这位女仆真是值得给予一大笔钱作为对她的回报。

7. A Fair Competition

公平的比赛

Swifter, Higher and Stronger stands for the spirit of the Olympics. But fairness is the basis of this motto. Only when you win fairly will you and your homeland deserve the great glory. But nowadays, unlike the ancient honest slave competitors, some hopeless athletes who can't bear the pain of training cheat when taking part in games. Medals seem to have magical power causing them to cheat, and the prize money has replaced the motto as their only goal.

So, in the gymnastics event to be held in our city next month, one of the host's responsibilities is to keep competitions fair. They advertised on posters outside the stadium to promise that every competitor is to have a regular physical examination in a gymnasium one after another. No one can bargain on this. The volunteers in charge will be very strict. It is foolish to cheat because they will not be admitted to compete and will even be fined as well.

“更快！更高！更强！” 代表着奥运精神。但是公平却是这一格言的基础。只

有当你公平地赢得比赛，你和你的祖国才会承受这样的光荣。但如今，不像古代那些诚实的奴隶参赛者，有些没有希望的运动员无法承受训练的痛苦，于是在参加比赛时作假。奖牌似乎有某种魔力使他们作假，奖金也已经代替了奥运格言成为了他们唯一的目标。

因此，在我们市下个月即将举行的一场体操赛事中，主办方的其中一项责任就是要确保比赛的公平。他们在体育场外的海报上做广告，承诺说每个参赛者都将在体育馆一个一个地参加常规的身体检查。对此没有人可以讨价还价。负责此事的志愿者将非常严格。作假是很愚蠢的，因为他们将不被允许去竞赛，甚至还将被罚款。

8. Computers

电脑

The goal of early calculating machines was to simplify difficult sums. But with the help of new technology, electronic chips replaced tubes and a revolution of artificial intelligence has arisen. From then on, the appearance of computers totally changed our lives. They can not only download information from the wet when connected by the network or mobile phone signals, but also solve different types of logical problems.

With operators as their coaches, they can even control rockets to explore the moon and instruct androids with the human race' s characters to mop floors and watch over your naughty niece. Anyhow, computers are so helpful that they do bring happiness.

However, computers are easily attacked by viruses. This reality has become a hard-to-deal with-problem. As a result, computers are dangerous in a way. So, personally, I worry about their universal applications in some fields, such as finance.

早期计算机的目的是简化比较难的计算。但是在新技术的帮助下, 电子芯片代替了电子管, 一场人工智能革命由此掀起。从那时起, 电脑的出现完全改变了我们的生活, 它们不仅能在网络或移动电话信号的连接下从网上下载信息, 而且可以解决各种类型的逻辑问题。在操作员的教练下, 它们甚至还可以控制火箭探索月球, 指导具有人类性格的机器人擦洗地板和照顾你调皮的侄女。不管怎么说, 电脑都是如此的有用, 以致的确给人们带来了快乐。

然而, 电脑很容易受到病毒的攻击, 这一现实已经成为一个难以处理的难题, 结果, 电脑在某种程度上是很危险的。因此, 就个人而言, 我很担心电脑在某些领域, 例如金融方面的广泛应用。

9. Wildlife Protection

保护野生动植物

Dinosaurs died out because of an unexpected incident. But wildlife today disappears or is in danger just because humans do harm to it. For example, tigers are hunted for fur to make carpets so that they can only live in secure reserves; grassland is destroyed without mercy so that dust storms come into being affecting distant cities.

Last year, scientists saw some monkeys rubbing themselves with a certain kind of insects to protect themselves from fierce mosquitoes biting. According to the result of the inspection, they found that the insect contains a powerful drug, so local farmers were employed to catch the insects. The ending was that the insects disappeared from the whole zone. When told that it was a loss to humans, the farmers burst into laughter and responded, “Our real loss is our decreasing income.”

We should appreciate the natural balance and pay more attention to the importance of wildlife protection. Not until we succeed in letting wildlife live in peace, can we smile in relief.

恐龙因一次意外事件而灭绝，但是今天的野生动植物却是因为人类的伤害而消失或处在危险中。例如，老虎被猎杀以获取做地毯的皮毛，以致它们只能生活在安全的保护区里；草地被毫不怜悯地破坏，以致沙尘暴开始影响遥远的城市。

去年，科学家观察到猴子在身上擦某种昆虫来保护自己不受凶猛的蚊子的叮咬。根据检查的结果，他们发现这种昆虫含有一种具有强大效力的药物，于是，当地的农民都被雇来抓虫子。结果是，这种昆虫从这整个地区都消失了。当被告知说这是整个人类的损失时，农民们都突然大笑着回应道：“我们减少的收入才是我们真正的损失呢！”

我们应该意识到自然平衡的重要，更加注意野生动植物的保护。直到我们成功让野生动植物安详平静地生活，我们自己才能如释重负地笑开颜。

10. My First Band

我的第一支乐队

I was very sensitive to music. Just dipping into the music books briefly, I could sing or play well. To be honest, I always dreamt of becoming a famous folk actor. I was so confident that I never decreased my devotion.

I formed my first band called “Rolling Frog” . At the beginning, we relied on performing on instruments in pubs or to passers –by to earn extra money in cash. Then we wore false beards to pretend to be the musicians whom people were familiar with. In addition, we attached humorous acts to our performances and played jokes on each other. Soon, our “funny jazz” became famous and invitations to perform for broadcast stations began to come. Afterwards, we sorted out attractive music and made a record in a studio. A million or so copies were sold and we became millionaires.

It was painful that the band broke up finally. But above all, I realized my dream to be a musician.

我对音乐很敏感，只要简要地浏览一下乐谱，我就能演唱或演奏得很好。说实话，我一直都梦想着能成为出名的民间演员，自信的我从未减少过热爱。

我组成的第一支乐队叫做“摇滚蛙”。开始，我们依靠在酒吧里或向路人表演乐器来挣些零花的现金。然后我们带上假胡子假扮人们熟悉的音乐家，除此之外，我们在表演中加上幽默的动作，互相开着玩笑。很快，我们的“滑稽爵士乐”出了名，到广播电台表演的邀请开始多起来。随后，我们把我们的吸引人的音乐做了

分类，在一间音乐工作室录制了 1 张唱片，大约卖出了 100 万张，这使我们都成了百万富翁。

乐队最终的解散让我很心痛，但最重要的是，我实现了自己当音乐家的梦想。

14. Explore MKII

探测 MKII 行星

MKII, a planet billions of kilometers away, is the origin of life in many religions. Physicists have proved the theory that its gentle climate and the pull of its gravity are similar to the earth' s. And astronomers have found that oxygen atoms and carbon dioxide, which are fundamental to life, exist in its atmosphere through satellites. Cheered up by this news, biologists, in their turn, began to do some research to remove people' s puzzles—Now that there are some suitable conditions, does life really exist on this globe? Do they multiply by laying eggs or giving birth to babies?

Last month, a spaceship was sent there. It' s a pity that this mission failed. Unlike the earth, MKII is a much younger planet. Thus, masses of

harmful acid clouds float everywhere causing violent chain reactions to break out. These clouds not only blocked out the pilots' sight but also damaged the engine system. Luckily, the pilots watched out carefully and prevented the spaceship from crashing in time.

MK 二号是一颗几十亿公里外的行星,它在许多宗教里都是生命起源的地方。物理学家已经证明了它温和的气候和重力的牵引都和地球相似的理论; 天文学家也通过卫星, 在它的大气层里发现了氧原子和二氧化碳的存在, 这些都是对生命来说, 都是基本的。受到这一消息的鼓舞, 生物学家们接着开始了研究以解开人们的迷惑——既然有了适合的条件, 生命真的存在于这个星球吗? 他们是通过下蛋, 还是产仔来繁殖后代的呢?

上个月, 一艘太空飞船被派到了那儿。可惜的是, 这次任务失败了。不像地球, MK 二号是一颗年轻得多的行星。因此, 大团大团的有害酸云到处漂浮, 引起猛烈的连锁反应的爆发。这些云团不仅阻挡了飞行员的视线, 而且还损坏了发动机系统。幸运的是, 飞行员小心注意, 才及时阻止了飞船的坠毁。

3. Sailing Home

划船回家

This novel was about an unbelievable but genuine adventure. Its author was a black businessman who was brought up in America. In 1956, he visited Africa, his birthplace. One day, when he was wandering on the pavement near the bay enjoying the sea scenes, he lost his money and passport that he kept in an envelope. So he went to the embassy to seek help, but the ambassador with rude manners didn't permit his staff to help though he bowed to him. Staring at his impatient face, he understood that it was the fault of his skin colour that accounted for their refection. So he decided to take a chance to sail on a small boat home.

He met a large amount of difficulty but was never stopped. On the contrary, difficulty pushed him to go ahead harder. Three months later, he was spotted by a ship by accident. He was in rags indeed. A maid even screamed when bringing him a steak and pineapple dessert. Aboard, he earned his passage by working as a barber and got home finally. As for the name of his novel, he couldn't think of a better one than the phrase "Go Ahead" .

这部小说写的是一次令人难以置信而又真实的历险。其作者是一位在美国被抚养长大的黑人商人。1956 年，他回到他的出生地非洲。有一天，当他在海湾边

的人行道上漫步欣赏海景时，他丢失了一个装着钱和护照的信封，于是向当地的大使馆寻求帮助。但是大使态度非常粗鲁，即使向他鞠躬，也不允许他的职员帮忙。盯着他那不耐烦的脸，他知道是他皮肤颜色的错才导致了他们的拒绝。于是，他决定冒险驾驶一只小船回家。

他遇到了许多困难，但是从未停止，相反，困难推动他更努力地前进。三个月后，当他被一艘船偶然发现时，真的是衣衫褴褛。给他端来牛排和菠萝甜品的女仆甚至被吓得尖叫起来。在船上，他当一名理发师来争取船费，最后终于回到了家。至于这部小说的名字，他再也不能想到一个比“前进”更好的短语了。

率。她的工作艰苦却很值得。她常常提到她的成就和林巧芝之间的联系，还总是说她贫穷的童年就是她与穷人之间的纽带。

17. A New Farming Way

新的耕种方式

Tuan was a farmer in Vietnam. For decades, he had been struggling to rid his family of hunger. However, it always confused him how to expand the output of his crops. This disturbing problem led to his regretting being a farmer. He would rather have chosen another job.

One day, when skimming through a newspaper, Tuan read a comment on Yuan Longpin. He underlined Yuan' s nationality and occupation, and then focused on his discovery and the statistics of his research. He found the knowledge Yuan circulated very practical. Therefore, he made a summary and began to build up a new farming method. He planted super grain of rich nutrition and equipped himself to keep his crops roots free from bacteria and pests. He also enriched minerals in the soil while reducing chemical fertilizers. Though it cost him more time and freedom, he was full of hope.

The next year, Tuan was sunburnt but satisfied with his production very much. Thanks to Yuan Longpin, he not only won the battle against hunger, but he could also export his crops abroad.

俊是一名越南的农民，几十年来，他都一直在努力使家人摆脱饥饿。然而，如何扩大他的农作物产量这一问题却一直在困扰着他。这个恼人的问题导致了他后悔当一名农民，而宁愿自己当初选择其它的工作。

一天，俊在浏览报纸的时候，读到一篇关于袁隆平的评论。他在袁的国籍和职业下面划了线，然后将焦点集中在他的发现和研究数据上。他发现袁传播的知识非常实用，因此，他做了摘要，并开始建立一种新的耕作方式。他种植营养丰富的超级谷物，添置设备以使作物的根部免受细菌害虫的伤害；他还增加土壤所含的矿物质，同时减少化学肥料的使用。尽管耗费了他更多的时间和自由，他却充满着希望。

第二年，俊被晒黑了，但是却对自己的生产非常满意。多亏了袁隆平，他不仅赢得了对抗饥饿的战斗，而且还将自己的作物出口到国外呢。

18. Chaplin - A Great Master of Humour

幽默大师卓别林

Chaplin was an extraordinary performer who starred in and directed many outstanding comedies. Few were bored watching his moustache, his gestures or his entertaining reactions when chased by detectives. Being drunk, sliding on a banana skin or whispering his own failures to nobody, he made us feel more content with our life without any verbal explanation. His particular sense of humor has astonished everybody throughout the world up to now.

In a small budget film, he played a badly-off and homeless person wearing worn-out shoes and messy clothes. On one occasion, he was trapped by a snowstorm in a vast mountainous area. Though he overcame many difficulties, he wasn't fortunate enough. With all the porridge eaten up, he picked out a shoe and boiled it to eat. He cut off the leather bottom and chewed it like a pancake. According to an actress, his acting was so convincing and amusing that everybody couldn't help bursting into laughter.

卓别林是一名非凡的演员，他主演并导演了多部杰出的喜剧。看见他可笑的小胡子、滑稽的手势动作，还有面对警探的追捕时有趣的反应，很少有人会觉得厌烦。喝醉酒啦，踩到香蕉皮滑倒啦，或者自言自语（低语）自己的糗事啦，他

无需任何语言解释的表演总是使我们对自己的生活感到更加满意。他独特的幽默感直到现在依然使世界各地的人们都感到惊讶。

在一部小预算的电影里，他穿着磨破的鞋子和脏兮兮的衣服，扮演了一名贫穷又无家可归的人。在一幕场景中，他被一场暴风雪困在一片多山的区里。尽管他克服了许多困难，但是他还是运气不好的。粥都吃完了，他只好挑出一只鞋子煮来吃。他切下皮革的鞋底，像烙饼一样地咀嚼起来。据一名女演员所说，他的表演是如此地令人信服而又逗人发笑的，以致在场的所有人都忍不住大笑起来。
